

CRAIG COLEMAN MEMORIAL TIMED FLIGHT COMPETITION

Sunday March 31st

This annual event is held each March on the Sunday closest to Graigs passing in 2011. Graig was renowned for his long flights, so this fun event is a good way of remembering him.

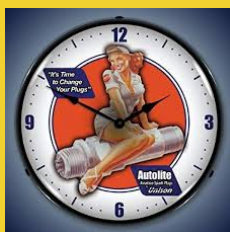

It is primarily a fun event to remember a member

The aim of the competition is to fly for as close to 30 minutes without the aid of any timing devise. Points are deducted for every second over or under 30 minutes.

Pilots may fly solo or as a team. Flying will commence at 9.30 and there will be a limit of 6 aircraft in the air at any one time.

Prize for first place.

In conjunction with the competition we will hold a Sale / Swap meet.

Bring along any surplus modelling gear, and some cash. You might pick up a bargain.
